

## OpenG2P in Action: Country Stories

**Format:** Discussion

**Date:** 13th March, 2025

**Duration:** 80 mins (Incl. Q&A)

**Target Audience:** Countries

**Max. no. of Participants:** 30

**Presenters:** OpenG2P Team and Country representatives

### Objective:

The workshop offers a valuable platform for countries and departments that have already implemented the OpenG2P platform to showcase their specific use cases and share insights gained from their experiences. By presenting real-world examples of how the platform has been utilised, these countries can effectively demonstrate the potential benefits and transformative impact of embracing a digital journey. Furthermore, their experiences can serve as a source of inspiration for other countries, encouraging them to explore the possibilities of implementing OpenG2P's solutions within their specific contexts.

The workshop aims to facilitate knowledge exchange and serve as a catalyst for innovation in countries. By showcasing the diverse range of applications and identifying common challenges faced by implementers, the workshop can contribute to the continuous improvement and refinement of the platform's features and functionalities, ensuring that it remains responsive to the evolving needs of governments and citizens alike.

### Target Audience:

Country representatives

### Session Outcomes:

- Learn about countries' experience with OpenG2P
- Learn about how OpenG2P's modules are customised to provide solutions
