

# MOSIP Adoption Learning and Evolving

**Nagarajan Santhanam** | Chief Dissemination Officer, MOSIP

6 years later, the project has registered **110+ Million** residents across **17 Countries**, in Asia Pacific, Africa, and Latin America.

**7 National Rollouts**

Morocco, Philippines, Ethiopia, Togo, Uganda, Sri Lanka, and Cambodia

**10 Pilots in Progress**

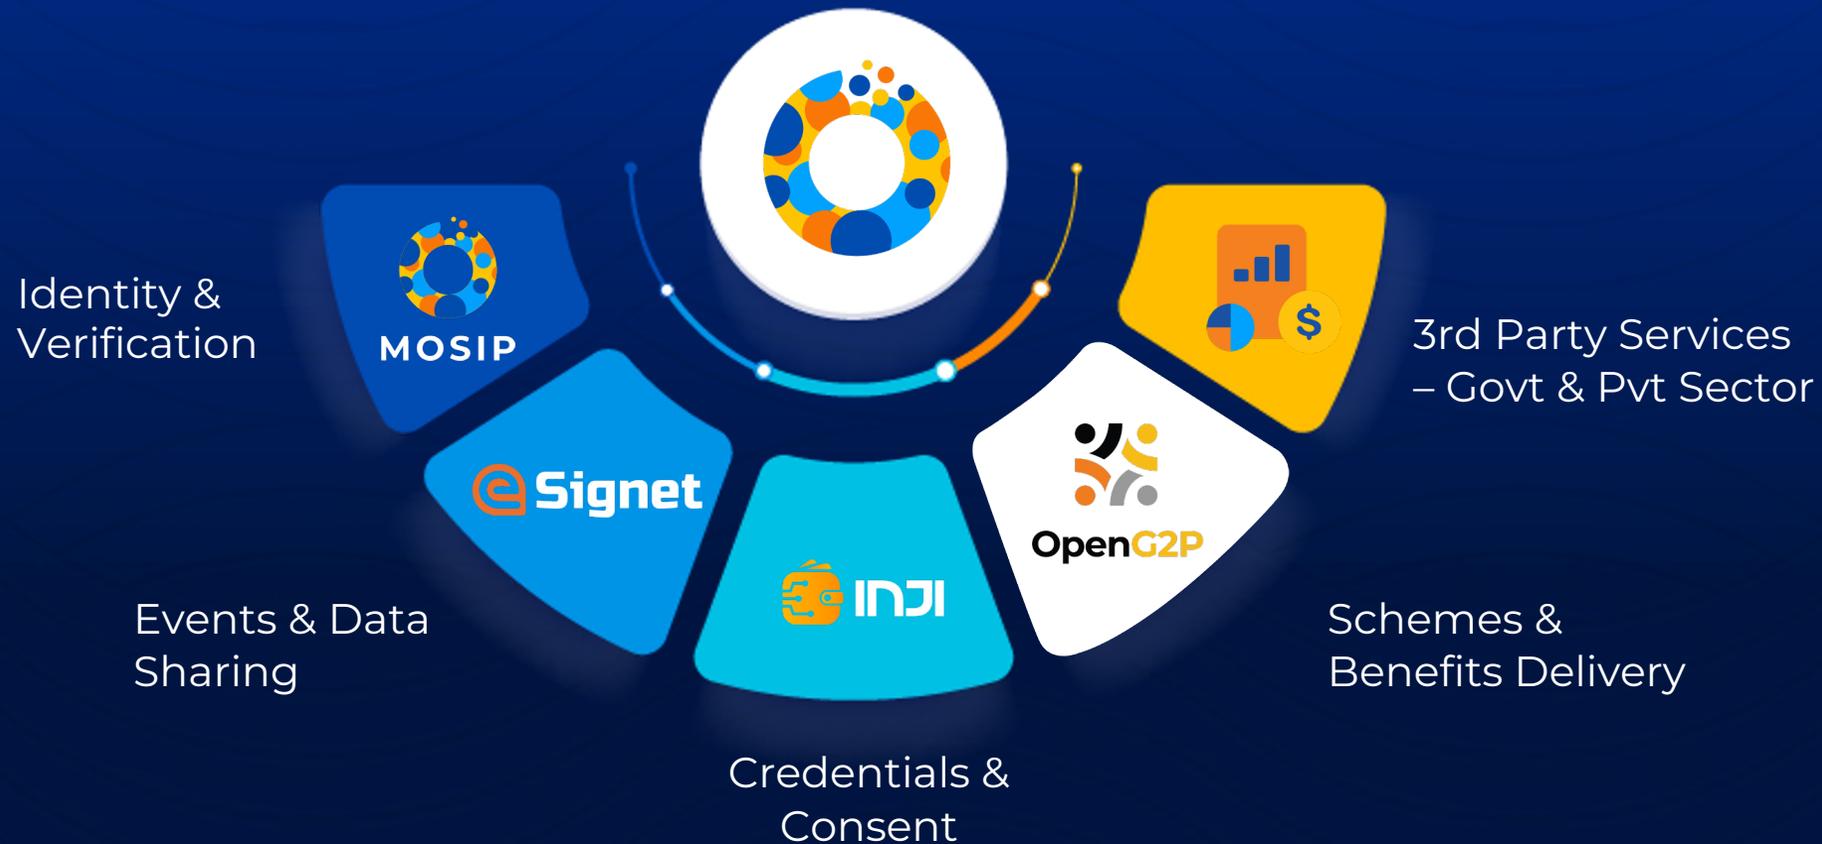

Guinea, Niger, Sierra Leone, Burkina Faso, Madagascar, Congo, Peru, Nigeria, Mexico, and Zambia.

# A COMPREHENSIVE TECHNOLOGY STACK

Through 6 years of iterative development

# Good Innovation is only meaningful with Good Adoption

MOSIP's approach to successful adoption:

- 01** Support Countries in building and owning core components of their DPI
- 02** Enable a vibrant ecosystem of partners
- 03** Build Capacity

## Building a Framework for country adoption

- **Continuous trainings** and capacity building to augment country efforts
- **Curated pilots** and offer opportunity to test and frame requirements
- Offer of **Level 3 platform support** during and after implementation

## MOSIP Pilots

# Rapid Deployment

- Optimising people, process, and technology
- Experience ALL the stages of MOSIP Implementation
- **Duration:** 2 – 3 months
- **Cost:** \$ 0.00

# MOSIP is meeting unique requirements globally

- Establish ID systems from scratch
- Enhance or upgrade existing ID systems
- Add capabilities to existing ID systems

## **01** MOSIP Partner Program

A framework to build capacity and engage as a community

## **02** Technology, Tools, and Sandboxes

To build, verify, and maintain compliance with MOSIP technology

At the heart of  
MOSIP adoption  
is a  
**vibrant  
ecosystem of  
partners.**

# 90+ commercial partners

Offering products and services that are:

© All logos and trademarks belong to respective parties

## Biometric Solution Providers

## System Integrators

## 01 Capacity Building:

Learning and growing together

## 02 MOSIP Academy

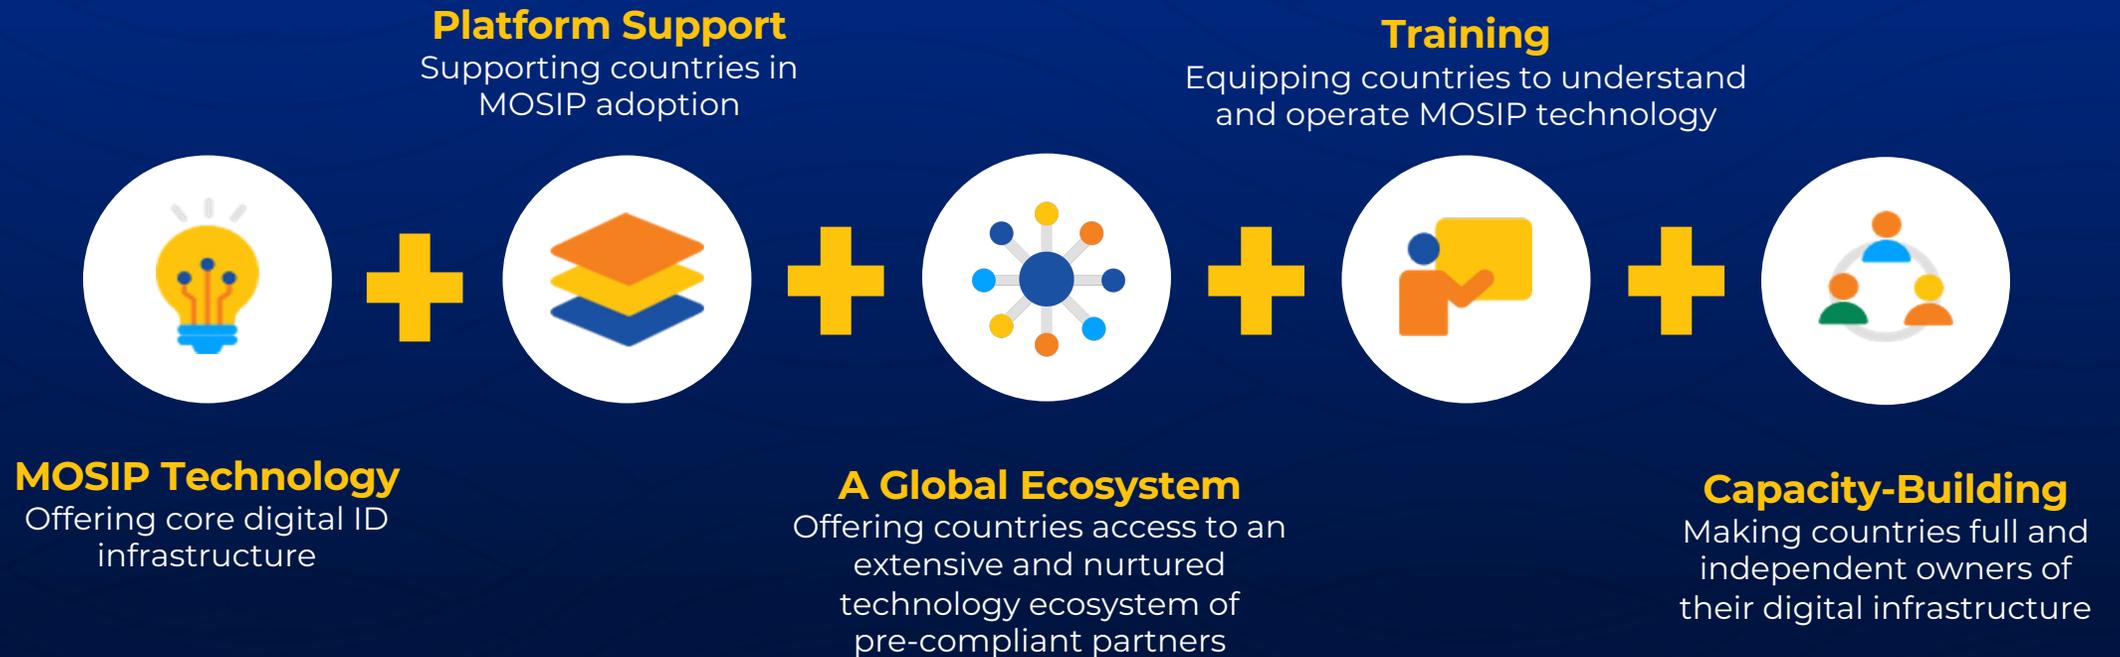

Works closely with adopting countries to train and build long-term capacity

Train and test SIs on MOSIP technology leading to better deployment on ground

# MOSIP's Formula for successful adoption

# ID is only as powerful as what it can enable.

MOSIP's robust identity platform enables countries to equip every resident with essential benefits and services.

- Financial Inclusion
- Social Registries
- Healthcare Delivery
- Benefits Delivery
- DEPARTMENTAL Ids
- Civil Registries
- Private Sector

8 million in Philippines get bank account using PhilID

30 programs to leverage Ethiopia's Fayda for service delivery

Morocco leveraging RNP system to implement social protection
