**26** Countries

**130** Million IDs generated

**Thank you for your support  
and partnership**

## Africa

17 Countries

**Morocco** (37.271 Million)

**Ethiopia** (126.5 Million)

**Guinea** (14.2 Million)

**Togo** (9.1 Million)

**Sierra Leone** (8.8 Million)

**Burkina Faso** (23.3 Million)

**Niger** (27.5 Million)

**Madagascar** (30.3 Million)

**Uganda** (48.6 Million)

**Nigeria** (223.8 Million)

**Congo** (6.1 Million)

**Zambia** (20.6 Million) eSignet Adoption

**The Gambia** (2.7 Million)

**Côte d'Ivoire** (28 Million)

**Benin** (13.35 Million)

**São Tomé & Príncipe** (225,000)

**Lesotho** (2.3 Million)

## Asia Pacific

4 Countries

**Philippines** (117.3 Million)

**Sri Lanka** (21.9 Million)

**Cambodia** (16.9 Million) eSignet Adoption

**Tonga** (107,000)

## LatAm & The Caribbean

5 Countries

**Peru** (34.4 Million)

**Belize** (405,000)

**Mexico** (128.5 Million)

**Trinidad & Tobago** (1.5 Million)

**Bolivia** (12.4 Million)

### Map Key

- National Rollout
- Completed Pilot
- Ongoing Pilot
- Pilot to Begin

**MOSIP Adopting Countries**  
**130+ Million residents** received digital IDs on MOSIP-based systems across **26 countries**.

Total reach of **954.8 Million residents** worldwide.

# THE MOSIP VISION **A DPI approach**

MOSIP envisions a digital future that is **interoperable, inclusive, and trusted**

**OpenG2P**  
Financial Inclusion, Social Benefits,  
Emergency Response, Registries,  
Private Sector

**Services**

**Inji & eSignet**  
Data Exchange, Digital Trust, User  
Consent, Mobility, Privacy, Security

**Data Exchange**

**MOSIP**  
Identity issuance and verification  
as the foundation

**Identity**

# A COMPREHENSIVE TECHNOLOGY STACK

Through 6 years of iterative development

# Good Innovation is only meaningful with Good Adoption

MOSIP's approach to  
successful adoption:

- 01** Enable a vibrant ecosystem of partners
- 02** Build Capacity
- 03** Support Countries (ID + Use Cases)

# MOSIP'S

## Offerings to Countries

### MOSIP Technology

Offering core digital ID infrastructure

### Platform Support

Supporting countries is MOSIP adoption

### Advisory ( ID + Use Cases )

Equipping countries with best practices to understand and operate MOSIP technology

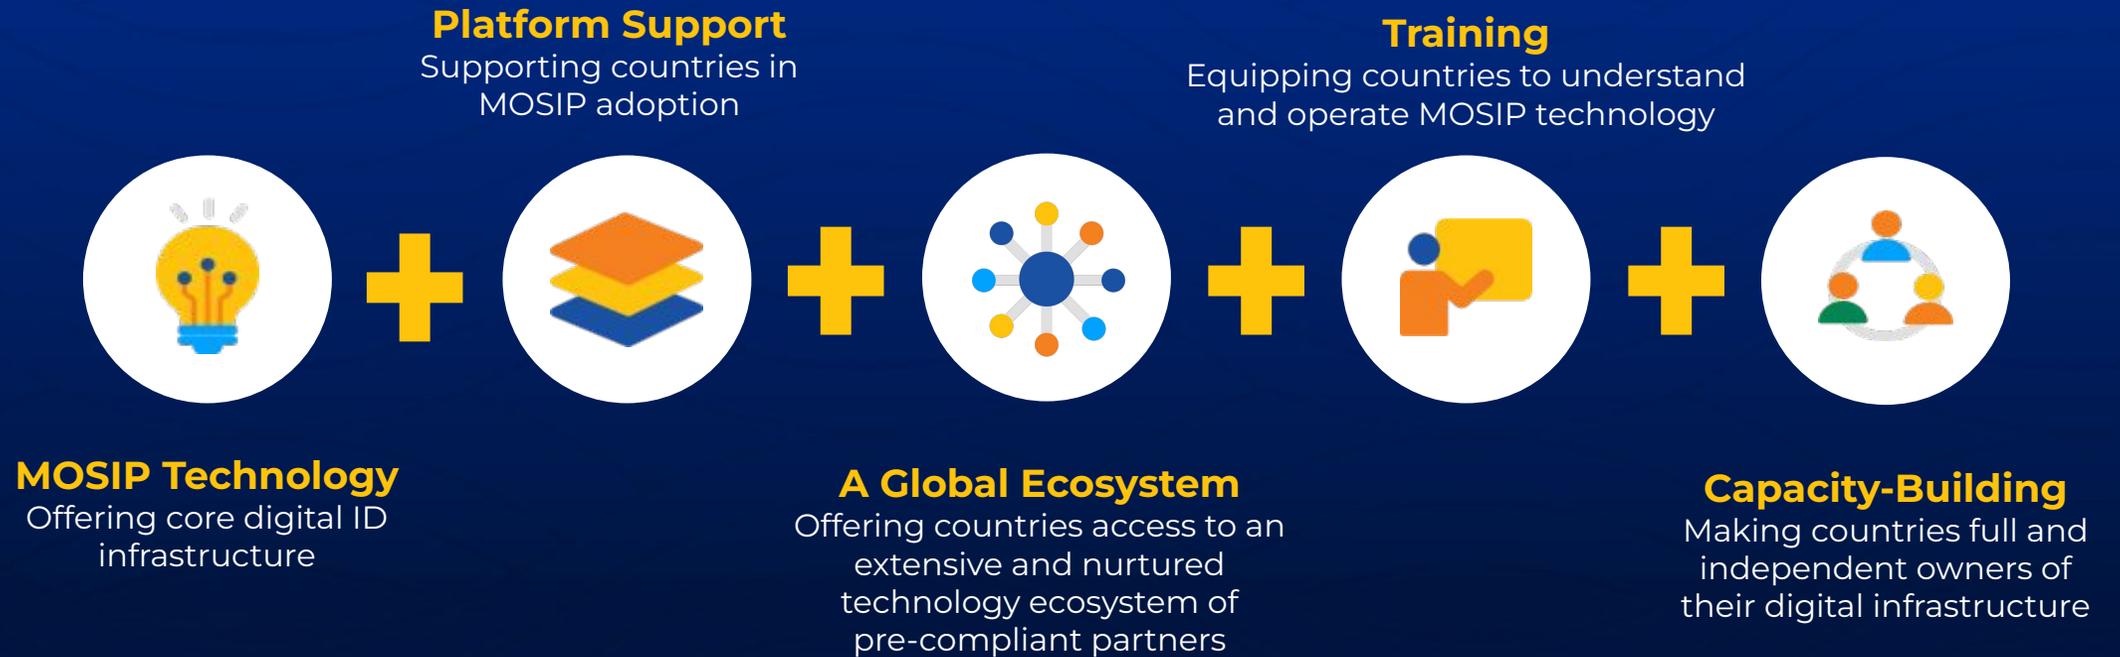

### Training & Capacity Building

Making countries full and independent owners of their digital infrastructure

# Recipe for success

## MOSIP Pilot

### Rapid Deployment Model

A **quick and efficient pilot model**, developed by optimising **people, process, and technology**

- **OBJECTIVE:** Experience ALL the stages of MOSIP Implementation
- **SUCCESS FACTORS:** Understand MOSIP capability and process through successful registration of 1000 Residents
- **DURATION:** 2 – 3 months
- ABIS, biometric kits, and authentication devices **provided by MOSIP**
- **MOSIP COST:** \$ 0.00

## National Roll-Out Models

### 01 Greenfield Model: From the Ground Up

- Adopt MOSIP and join its ecosystem of technology partners.
- Customise modules from scratch to enable all processes

### 02 Brownfield Model: Embracing Existing Infrastructure

- Integrate the MOSIP platform with existing databases or identity systems
- Work with MOSIP and local experts to upgrade legacy infrastructure to modern digital identity systems

### 03 Use cases: Building on ID

- Build services on top of foundational ID systems
- Work with MOSIP and partner DPGs to build a robust digital transformation journey

# Technology Solution Providers

# System Integrators

## TOWARDS Reliable Technology Solutions

COMPLIANCE TOOLKIT (CTK) WITH  
ADVANCED TEST CASES

MACP CERTIFICATION PROGRAMME  
FOR BIOMETRIC DEVICES

FUNCTIONAL EVALUATIONS AT  
MOSIP EXPERIENCE CENTRE

COLLABORATIVE LEARNING  
THROUGH LIMITED SCOPE PILOTS

# TOWARDS Capable System Integrators

STREAMLINED LEARNING  
PROGRAMMES

ENTRY CRITERIA FOR  
PARTNERSHIPS

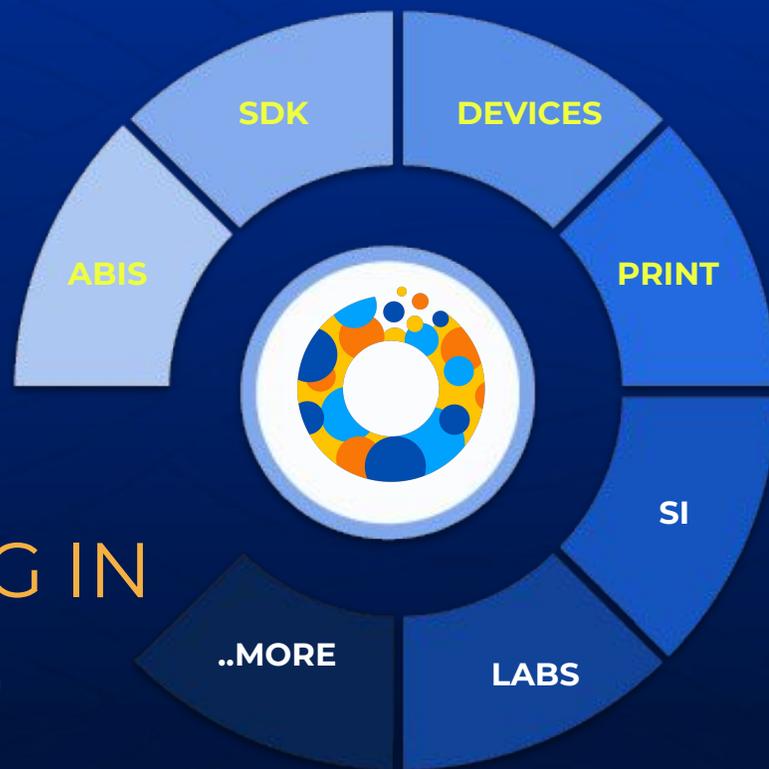

PARTNERSHIP RENEWAL  
REQUIREMENT

2 TIER PROGRAMME ENABLING  
GEOGRAPHY SPECIFIC CAPACITY

# MOSIP MARKETPLACE

DISCOVER  
EVERYTHING IN  
**ONE PLACE**

PROGRESSIVE LISTING

7 CATEGORIES, MORE IN  
PIPELINE

USE CASES, WALLETS, MOBILE  
ID - ALIGNED

SPEAKS FOR NEUTRALITY

## Capacity Building

### MOSIP Academy

Supporting Countries and Technology Partners

With a variety of learning models, MOSIP has trained **1740+** participants from over 85 countries around the world.

**225+** Personnel Trained across **10** Countries

On going collaboration with **UM6P, Morocco | University of Philippines | UnRAF, Argentina**

# Regional localization for Better Sustainability

- Country facing team already localized  
( Rose Ann, Gabi Adotevi, Carine, Rahel & Ahlam )
- Regional Deployment engineering team formation  
in progress
- Documentation in multiple languages  
( French, Spanish )
- Support and Build Local SI Ecosystems

# Learning and Developing with Countries from the Start

- **Philippines**
  - deployment during COVID pandemic, anonymous profiling and ePhilID
- **Ethiopia**
  - development of Android Registration Client
  - development of USSD
- Country partners learning among each other

## Building a Community of Countries

- **Cross-learn** from the community
- **Contribute** to MOSIP Technology Roadmap
- **Co-develop** technology for country usage

## ID is only as powerful as what it can enable.

MOSIP's robust identity platform enables countries to equip every resident with essential benefits and services.

- Financial Inclusion
- Social Registries
- Healthcare Delivery
- Benefits Delivery
- Departmental IDs
- Civil Registries

# Stories from the Field

## The Philippines

Putting ID to Use

#NationalID | eVerify

### 39+ Million

**authentications completed**  
on the MOSIP-based National ID system  
in the Philippines

#### MULTIPLE USE-CASES IN THE PHILIPPINES

**eTravel:** A digital single data collection platform – border control, health surveillance, and economic data analysis

**VaxCert:** A digital vaccination certificate for COVID-19

**PhilHealth:** Health insurance for all residents of the Philippines

**eLGU:** A digital platform for local governments to provide benefits and services

**4Ps Programme:** Poverty reduction and amelioration programme, targeting households.

# Stories from the Field

## Ethiopia

ID for Social Protection

**MOSIP for  
Social Protection**

**77,000 Refugees**

of the targeted 1 million  
given digital IDs

**MOSIP-based FaydaID and OpenG2P**  
are integrated to enable social  
protection use-cases in:

**Social Security** by creating a registry of  
uniquely identified beneficiaries in Social  
Safety Net Programme under MoWSA

**Agriculture** by creating a farmer registry  
and integrating it with farmer support  
programs such as crop advisory, market  
information and agricultural input  
programs

**Emergency Response** by allowing  
OpenG2P to generate beneficiary list of  
families registered with Fayda ID and in  
need of food assistance

# Stories from the Field

## Zambia

### MOSIP for Climate Emergency Response

Drought Insurance  
Programme

- MOSIP through **eSignet** is enabling using an existing database to allow for beneficiary authentication
- Integration with **OpenG2P** to provide social benefits transfer

# MOSIP connect

in partnership with

11 – 13 March 2025

create

# Global DPGs, Local Impact

Identity  
Issuance and  
Verification

Identity Verification,  
Login & Consented Data  
Sharing

**Trusted Identity**

Credentials Wallet  
and Authenticator

Beneficiary  
Management and  
Benefits Delivery

**Trusted Data**

# Platform Updates

More power to you!

## MOSIP

- LTS Version with manageability and security updates
- Android Reg Client and Resident Services modules released

## INJI

- Ready for pilot, production
- W3C VC 2.0, ISO 18013-5 support
- Build your wallets and superapps

## eSIGNET

- Handles support for login
- Self-registration
- eKYC and multiple assurance levels

# Promoting Interoperability

**Open Standards driving interoperability and integration**

## Claim 169

Digital identity binary schema

- Can fit into a QR Code
- Embed Biometrics

PixelPass libraries available

- Create / interpret Claim169 compliant QR codes

**Wallet interoperability checks with Fides community**

**Cross Border Usage Pilots and Support for Trust Networks**

**MACP framework released!**

**Multiple 3rd Party Certification Agencies**

# Continuous Improvement

**Enhancing the experience for all stakeholders**

## **GenderMag++**

Beyond gender bias

- New richer personas to detect biases
- AI-powered tool for evaluating DPIs
- Guidelines launched

**Open to Community!**

**MOSIP Marketplace –**  
More compliance tools

**Global Observatory for  
Cyber Risks and Fraud**

**Biometer –**  
Assess quality, detect biases,  
test with synthetic data

**DPI Global Safeguards  
Compliance**

# Tap our helpline!

**Advisory Support**  
for integration and use cases

**Adoption support**  
– pilots, procurement checklists, review

**MOSIP Training**  
on all our components

**Sandboxes**  
for integration and co-creation

# The Road Ahead

- More peace of mind
  - Continue to Support LTS with technology and manageability improvements
- More choice at hand
  - 3rd Party component compatibility for Marketplace
- More value to data
  - Acceptance and interoperability of credentials across trust networks
- More opportunity for transformation
  - Evangelization for adoption of technology to accelerate digital journeys
- More support to go to market
  - Ready to consume building blocks for rapid development and solution creation

## Increasing Sustainability

### Widening community base

- 30% open source contribution
- MOSIP, Upanzi hackathons
- Expanding university net

### Active ecosystem

- 110+ strong
- Packaging and support
- 1000+ people trained

### For students

Learn about our components  
and build solutions.

Registrations received: 233

Active Engagements: 65

Crossing the finish line: 6

**1 Winner: USD 3000 Prize**  
**2 Runners-up: Paid Internships**

### For professionals

Build use cases and integrations.

Registrations received: 1458

Active engagements: 123

Crossing the finish line: 19

**Top 5 Solutions –**  
**Showcase in Marketplace**  
**and MOSIP Experience Centres**

# MOSIP Create Top Solutions

**Recognition:** Solution showcase at MOSIP Connect Expo, Display at MOSIP Experience Center & Marketplace, Collaboration Opportunities, Certificate of Commendation as VC

Rank	Theme	Use Case Submitted	Winning Team	Winners
1	Financial Inclusion through Digital Identity	<b>MOSIP</b> Integration: National ID Based Transaction System (NIBTS)	Integra Micro Systems Private Limited	Vijayakumar M
2	eKYC for Inclusive Identity Verification	<b>eSignet</b> Integration: Integrating eKYC For Enhanced Identity Verification In DIGIT Health Campaign Management	egovernments.org	Varun Reddy
3	eKYC for Inclusive Identity Verification	<b>MOSIP</b> Integration: Paperless Onboarding System	Integra Micro Systems Private Limited	Vijayakumar M
4	Credential Facilitation for Empowerment	<b>Inji</b> Integration: Authorized Service Technicians	Educerts, Interrait	Ranvir Singh, Somnath Bera, Steve P
5	Credential Facilitation for Empowerment	<b>Inji</b> Integration: A Verifiable Credential Solution for Employment Letters of Overseas Workers	Educerts	Ranvir Singh

# MOSIP Decode

## Top Solutions

Rank	Problem Statement	Winning Team	Winners	Prize
Winner	Optical Character Recognition (OCR) for Digital Forms	NIT, <b>Jamshedpur</b>	Subhash Murmu, Rishabh Parihar, KshAbo, Chaitanya Khangai	- USD 3000 reward - Internship - Certificate of Commendation as VC
Runner-up	Multiple Inji User Profiles on Shared Devices	Polaris School of Technology (Starex University), <b>Hyderabad</b>	Rishav Tarway, Sneha Muthyala, Suraj Gonuguntla, Kishan Kumar, Muthyala Koushik	- Internship - Certificate of Commendation as VC
Runner-up	WhatsApp-Based Notification System for MOSIP	Polytechnic University of the <b>Philippines</b>	Ayen Mejorada, Mark Kenneth B. Galario, Kenneth Anthony Barotilla	- Internship - Certificate of Commendation as VC
