

## DPI - Fail Fest

**Format:** Presentation and Brainstorming

**Date:** 11th / 12th February, 2026

**Duration:** 90 mins (Incl. Q&A)

**Max. no. of Participants:** 40

**Presenters:** DPGA / 50-in-5

### Objective:

To provide a safe and open forum for DPI practitioners and leaders to candidly examine failures and setbacks in DPI initiatives, collaboratively identify technical, institutional, and other root causes, and develop practical, actionable strategies to avoid similar challenges in future national DPI implementations

### Target Audience:

- Government representatives and policymakers from the MOSIP Connect ecosystem
- 50-in-5 participating countries

### Session Outcomes:

The primary objectives of this session are to:

- **Create a Community of Trust:** To foster a supportive and confidential environment where implementation leaders from the 50-in-5 countries can openly share and troubleshoot challenges and failures.
- **Identify Common Pitfalls:** To collaboratively map the most frequent and high-impact failure points across the DPI lifecycle, from policy formulation to national scale-up.
- **Share Practical Coping Strategies:** To move beyond problems to solutions, enabling participants to share and learn pragmatic, field-tested strategies for navigating and overcoming key obstacles.
- **Accelerate Learning Cycles:** To shorten the learning curve for all participating countries by pre-empting common mistakes and building on the collective experience of the group, and ultimately speed up adoption and implementation of DPI.

- **Generate Actionable Insights:** To synthesise discussions into a set of key takeaways and potential collaborative actions that the 50-in-5 cohort can pursue post-summit.

***Thank you, and we look forward to your participation in the session!***
